

PERITONEAL CARCINOMATOSIS – RADIOLOGY WORKSHOP

April 24 – 25, 2025 Madrid, Spain

ABOUT THE COURSE

We are thrilled to present the 3rd edition of the peritoneal carcinomatosis radiology workshop, addressed to radiologists who want to enhance their knowledge in the diagnostic and therapeutic management of peritoneal carcinomatosis.

The first day will consist of a series of dynamic lectures to gain confidence in the diagnosis and to focus on the multidisciplinary aspects of the management of patients with peritoneal carcinomatosis.

The second day will be a case-based workshop fundamentally practical, with new cases, aiming to improve clinical expertise in the diagnosis and staging of peritoneal carcinomatosis.

Emphasis will be put on learning a systematic and dedicated approach to assess peritoneal metastases.

Participants should bring their own laptop as there will be plenty of time for them to go through the cases on their own before the cases will be reviewed and discussed. Access to some of the cases will be granted on a DICOM virtual PACS one month prior to the meeting.

Seats are limited to ensure a dedicated and cosy learning experience. The meeting will be held in English.

FACULTY

Dr. E. Canales Lachén

Radiology, HU Ramón y Cajal (ES)

Prof. Dr. M. Cuadrado Ayuso

Abdominal surgery, HU Ramón y Cajal (ES)

Prof. Dr. E. Dresen

Radiology, UZ Leuven (BE)

Prof. Dr. M. Fastrez

Gynaecology, H.U.B, Hôpital Erasme (BE)

Prof. Dr. V. Vandecaveye

Radiology, UZ Leuven (BE)

Dr. A. Veron Sanchez

Radiology, H.U.B, Institut Jules Bordet (BE)

Dr. A. Villanueva Campos

Radiology, HU Ramón y Cajal (ES)

PROGRAMME

DAY 1

- 8:30 Registration
- 9:00 Welcome and setting the scene of CT and MRI of peritoneal disease A. Villanueva Campos, V. Vandecaveye
- 9:15 Where to look for deposits and secondary signs A. Veron Sanchez
- 9:45 Colorectal cancer - Peritoneal carcinomatosis and beyond E. Dresen
- 10:15 Clinical indications in ovarian masses: From characterization to staging V. Vandecaveye
- 10:45 Coffee break
- 11:15 Characterization of peritoneal deposits on imaging: how far can we go? A. Veron Sanchez
- 11:45 Pearls and pitfalls of DWI E. Dresen
- 12:15 Primary and secondary peritoneal tumours V. Vandecaveye
- 13:00 Lunch break
- 14:00 Correlation radio-surgery M. Cuadrado Ayuso, E. Canales Lachén
- 14:30 What the gynaecologist needs to know from the radiologist M. Fastrez
- 15:00 Coffee break
- 15:30 Case discussion - MDT
- 17:30 End of day 1

DAY 2

- 9:00 – 17:00 Hands-on workshop (including coffee and lunch break)

MEETING VENUE:

Hospital Universitario Ramón y Cajal, Ctra. de Colmenar Viejo km. 9,100 28034 Madrid, Spain

April 24: Sala Joaquín Ortuño - April 25: Salón de Actos

ACCREDITATION: Accreditation will be applied for

INFORMATION/REGISTRATION: monika.philips@uzleuven.be

FEES: Residents € 200 - Specialists € 300

Registration deadline: April 5, 2025
