About the Course

SERAM and the Spanish Radiology Foundation, together with the American Institute for Radiologic Pathology (AIRP), resumes its annual International Radiologic-Pathologic Correlation Course.

The AIRP faculty members are highly prestigious specialists with extensive professional experience and are widely recognized for their scientific excellence and teaching expertise.

The lectures cover topics of great relevance to daily clinical practice. The program offers participants the opportunity to learn and update their knowledge across a wide range of abdominal, genitourinary, and breast pathologies.

As in previous editions, interactive seminars will be held alongside the lectures.

Learning Objectives

- Identify abdominal, genitourinary, and breast pathologies.
- Perform a differential diagnosis of the main abdominal, genitourinary, and breast pathologies.
- Recognize potential mimickers and diagnostic pitfalls in these three areas.

Committee Members

Programme Planning Committee

Dr. José María Maiques

Hospital del Mar, Barcelona

Co-chair

Dr. María Navallas

Hospital Sant Joan de Deu, Barcelona

Co-chair

Dr. Mark D. Murphey

American Institute for Radiologic Pathology (AIRP)

Co-chair

Committee Members

Scientific Programme Committee

Dr. José Carmelo Albillos Merino

Hospital Universitario 12 de Octubre, Madrid

SERAM President

Dr. María de la Luz Parra

Hospital Universitario La Paz, Madrid

SERAM General Secretary

Dr. Luis Concepción Aramendía

Hospital General Universitario de Alicante, Alicante

Head of Professional Affairs

Dr. María Jesús Díaz Candamio

Hospital Universitario A Coruña, A Coruña

Head of Communication

Dr. M^a Dolores Domínguez

Hospital Virgen de la Victoria, Málaga

Head of Finance

Dr. Eduardo Álvarez-Hornia Pérez

Clínica IMQ Zorrotzaurre, Bilbao

Head of Education

Dr. Cristina García Villar

Hospital Universitario Puerta del Mar, Cádiz

Head of Publications

Dr. Mariana Rovira Cañellas

Hospital del Mar, Barcelona

Head of Strategy

Speakers

Dr. Jamie Marko, MD

Associate Physician-in-Chief and Chief, Genitourinary Radiology, AIRP
Uniformed Services University of the Health Sciences - Bethesda, MD

Dr. Maria A. Manning, MD

Chief, Gastrointestinal Radiology, AIRP
Georgetown University Hospital - Washington, DC

Dr. Jennifer A. Harvey, MD, FACR

Professor and Chair, Department of Imaging Sciences
University of Rochester - Rochester, NY

Programme

Thursday, January 22nd

08:00 - 08:45	REGISTRATION
08:45 - 09:00	WELCOME AND COURSE INTRODUCTION
09:00 - 09:30	DCIS on MRI – Dr. Jennifer A. Harvey
09:30 - 10:00	Molecular Subtypes of Invasive Breast Cancer Dr. Jennifer A. Harvey
10:00 - 10:30	Uncommon Breast Pathologies with Rad-Path Correlation Dr. Jennifer A. Harvey
10:30 - 11:00	Detection of breast cancer in high-risk patients Dr. Jennifer A. Harvey
11:00 - 11:10	Q&A
11:10 - 11:40	BREAK
11:40 - 12:10	Renal Masses with Radiologic Pathologic Correlation Dr. Jamie Marko
12:10 - 12:40	Lesions of the Bladder and Collecting System with Radiologic Pathologic Correlation – Dr. Jamie Marko
12:40 - 13:10	Adrenal Masses with Radiologic Pathologic Correlation Dr. Jamie Marko
13:10 - 13:40	Seminar: Genitourinary Case Review Seminar – Dr. Jamie Marko
13:40 - 13:50	Q&A

Programme

Thursday, January 22nd

13:50 - 15:00 **LUNCH BREAK**

15:00 - 15:30 **RPC based approach to cystic splenic lesions**
Dr. Maria A. Manning

15:30 - 16:00 **RPC based approach to solid splenic lesions**
Dr. Maria A. Manning

16:00 - 16:30 **RPC based approach to pancreatic cystic lesions, part 1**
Dr. Maria A. Manning

16:30 - 17:00 **RPC based approach to pancreatic cystic lesions, part 2**
Dr. Maria A. Manning

17:00 - 17:10 **Q&A**

Programme

Friday, January 23rd

08:30 - 09:00 **Assessing Extent of Breast Cancer with MRI**
Dr. Jennifer A. Harvey

09:00 - 09:30 **Response to neoadjuvant treatment using breast MRI**
Dr. Jennifer A. Harvey

09:30 - 10:00 **Current indications for contrast mammography**
Dr. Jennifer A. Harvey

10:00 - 10:10 **Q&A**

10:10 - 10:40 **RPC based approach to hepatocellular carcinoma**
Dr. Maria A. Manning

10:40 - 11:10 **RPC based approach to primary liver lesions in a non-cirrhotic liver** – Dr. Maria A. Manning

11:10 - 11:40 **Case-based approach to liver lesions, utilizing radiologic-pathologic correlation** – Dr. Maria A. Manning

11:40 - 11:50 **Q&A**

Programme

Friday, January 23rd

11:50 - 12:20 **BREAK**

12:20 - 12:50 **Uterine Masses with Radiologic Pathologic Correlation**
Dr. Jamie Marko

12:50 - 13:20 **Ovarian Masses with Radiologic Pathologic Correlation**
Dr. Jamie Marko

13:20 - 13:50 **Prostatic Masses with Radiologic Pathologic Correlation**
Dr. Jamie Marko

13:50 - 14:00 **Q&A**

14:00 - 14:10 **Announcement of scholarship recipients and closing remarks**
